

CAHT 2022 CONGRESS

WEDNESDAY 21

08:00-09:00: REGISTRATION

09:00-10:30:

SYMPOSIUM A: CHALLENGES IN HEMOSTASIS AND THROMBOSIS IN PREGNANCY

	Coordinators: Beatriz Grand - Hugo Ferro	
09:00-09:20	Management of the patient with thrombocytopenia	Daniela Mezzaroba
09:20-09:40	Management of von Willebrand disease in pregnancy: what changed after the ISTH-ASH-WFH 2021 guidelines?	Susana Meschengieser
09:40-10:00	Which pregnant patient requires postpartum thromboprophylaxis and for how long?	Pere Domenech Santasusana
10:00-10:30	Q&A	

SYMPOSIUM B: DISORDERS OF FIBRINOLYSIS: CLINICAL IMPLICATIONS AND DIAGNOSTIC CHALLENGES

	Coordinators: Carla Giumelli - Ana María Lauricella	
09:00-09:20	Fibrinolytic Disorders: Clinical Implications and Diagnostic Challenges	Silvina Pons
09:20-09:40	In which clinical situations do we encounter alterations in fibrinolysis?	Alicia Vilaseca
09:40-10:00	ROTEM and assessment of fibrinolysis	Marina Sol López
10:00-10:30	Q&A	

10:30-11:00: BREAK

11:00-12:30:

SYMPOSIUM C: SPECIAL SITUATIONS IN THROMBOPROPHYLAXIS

	Coordinators: Cecilia Colorio – José Luis Fedele	
11:00-11:20	Post-surgical extended prophylaxis	Dolores Puente
11:20-11:40	Extended prophylaxis in medical patients	Alex Spyropoulos
11:40-12:00	Prophylaxis in the outpatient oncology patient	Jorge Korin
12:00-12:30	Q&A	

WORKSHOP I: HOW DO WE MANAGE QUALITY IN THE HEMOSTASIS LABORATORY?

	Coordinators: Claudio Rosa - Eleonora Rossi	
11:00-11:15	Sample rejection criteria and quality indicators in the pre-analytical phase in hemostasis laboratories	Mercedes Zírpoli
11:15-11:30	Identification and control of non-conformities as an improvement tool	Yolanda Adamczuk
11:30-11:45	Experience in accreditation to national agencies (OAA)	María Luisa Iglesias Varela
11:45-12:00	Experience in accreditation by international agencies (CAP)	Luis Barrera
12:00-12:30	Q&A	

12:30-13:00: BREAK

13:00-14:00: PLENARY SESSION: *Coordinator: Soledad Molnar*
Direct oral anticoagulants in antiphospholipid syndrome
Hannah Cohen

14:00-15:00: SPONSORED SYMPOSIUM / LUNCH BREAK

15:00-16:30:

SYMPOSIUM D: CANCER AND THROMBOSIS

	Coordinators: Nora Goette - Patricia Cravero	
15:00-15:20	Pathophysiological and laboratory mechanisms of cancer thrombosis	Paola D'Atri
15:20-15:40	Management of biological therapy and risk of thrombosis	Alejandra Martí
15:40-16:00	Prophylaxis and antithrombotic treatment in patients with CNS neoplasms.	Alberto Maneyro
16:00-16:30	Q&A	

SYMPOSIUM E: PEDIATRICS

	Coordinators: Graciela Schwalb - David Verón	
15:00-15:20	Direct Oral Anticoagulants in Pediatrics	Leonardo Brandão
15:20-15:40	Pulmonary Thromboembolism	Diana Altuna
15:40-16:00	Peripheral Arterial Thrombosis	Carolina Cervio
16:00-16:30	Q&A	

16:30-17:00: BREAK

17:00-18:00: SPONSORED SYMPOSIUM

18:00-18:15: BREAK

18:15-19:00: ROUVIER CONFERENCE: *Presenter: Mirta Schattner*
Disseminated intravascular coagulation
Carlos Fondevila

19:00-19:15: CONGRESS OPENING

THURSDAY 22

08:00-09:00: **SPONSORED SYMPOSIUM**

09:00-10:30:

DISCUSSION OF CLINICAL AND LABORATORY CASES

Coordinators: Hugo Guglielmone - Maximiliano Villagra

Panelista: Pere Domenech Santasusana

SYMPOSIUM F: CARDIOLOGY

	Coordinators: Luis Beligoy - Andrea Rossi	
09:00-09:20	Clonal hematopoiesis of uncertain significance and cardiovascular disease.	José Fuster
09:20-09:40	Chronic thromboembolic disease: the interventional cardiologist's vision	Ignacio Seropian
09:40-10:00	Chronic thromboembolic disease: the view of the hematologist	María Ester Aris Cancela
10:00-10:30	Q&A	

10:30-11:00: **BREAK**

11:00-12:30:

SYMPOSIUM G: COVID-19 AND THROMBOSIS

	Coordinators: José Ceresetto - Lucía Celebrín	
11:00-11:20	Mechanisms of immunothrombosis associated with COVID-19 infection	Peter Lenting
11:20-11:40	What does the laboratory offer in the management of the patient with COVID-19 infection?	Marta Martinuzzo
11:40-12:00	Vaccine-associated Thrombosis-Thrombocytopenia Syndrome	Carlos Fondevila
12:00-12:30	Q&A	

12:30-13:00: BREAK

13:00-14:00: PLENARY SESSION: *Coordinador: Patricia Casais*
Thromboprophylaxis in COVID-19. Evidence from clinical trials
Alex Spyropoulos

14:00-15:00: SPONSORED SYMPOSIUM /LUNCH BREAK

15:00-16:00:

SYMPOSIUM H: PLATELETS AND IMMUNITY / IMMUNE THROMBOCYTOPENIA

	Coordinators: Miguel Castro Ríos - Ana Glembotsky	
15:00-15:20	Role of megakaryocytes and platelets in the immune system	Rosana Marta
15:20-15:45	Management of immune thrombocytopenia during the pandemic	Daniel Fassi
15:45-16:00	Q&A	

SYMPOSIUM I: HEMOSTASIS LABORATORY TOPICS

	Coordinators: Luis Bastos - Analía Fernández	
15:00-15:15	Thrombin Generation Assay: uses in different clinical scenarios.	Lourdes Herrera
15:15-15:30	Antiphospholipid syndrome: how do we determine cut-off values for lupus anticoagulant, anti-Cardiolipins and anti-Beta-2-GPI?	Ricardo Forastiero
15:30-15:45	Determination of ADAMTS13 and inhibitor activity in the pediatric hemostasis laboratory	Inés Marcone
15:45-16:00	Q&A	

16:00-17:00: SIMULTANEOUS ORAL PRESENTATIONS

OUTSTANDING ORAL COMMUNICATIONS (6 oral: 7 min presentation + 3 min Q&A)

Coordinators: Ricardo Benzádon - Federico Aranda

ADVANCES OF CAHTalizar grant (4 presentations)

Coordinators: Roberto Pozner - Nora Goette

17:00-17:30: BREAK

17:30-18:30: SPONSORED SYMPOSIUM

18:30-19:30: POSTERS PRESENTATION WITH LUNCH

FRIDAY 23

08:00-09:00: **SPONSORED SYMPOSIUM**

09:00-10:30:

WORKSHOP II: MONITORING ANTICOAGULATION

	Coordinators: Germán Detarsio - Virginia Romañano	
09:00-09:15	Experience with Point of Care (POC) devices in the monitoring of vitamin K antagonist anticoagulants (VKA).	Cristina Duboscq
09:15-09:30	How do we verify and/or calibrate the ISI in our hemostasis laboratory? How do we determine the geometric mean normal?	Silvia Cambiazzo
09:30-09:45	How do we monitor continuous infusion pumps with unfractionated heparin? In what scenarios do we need to use anti-Factor Xa activity?	Mirta Hepner
09:45-10:00	In what situations do we need to estimate or measure the concentration of direct oral anticoagulants?	Alejandra Scaziota
10:00-10:30	Q&A	

SYMPOSIUM OF THE ARGENTINE SOCIETY OF HEMATOLOGY: THROMBOSIS IN SPECIAL SITUATIONS

	Coordinators: María del Carmen Gallo – David Luis Xavier	
09:00-09:20	Heparin-induced Thrombocytopenia	Verónica Privitera
09:20-09:40	Antithrombotic Management in the Obese Patient	Paulo Colimodio
09:40-10:00	Thrombosis in paroxysmal nocturnal hemoglobinuria	Inés Engelberger
10:00-10:30	Q&A	

10:30-11:00: **BREAK**

11:00-12:30: **ORAL COMMUNICATIONS (AWARD PRESENTATIONS)**

Coordinators: Dardo Riveros – Ricardo Forastiero

12:30-13:30: **SPONSORED SYMPOSIUM / LUNCH BREAK**

13:30-15:00: **POSTER PRESENTATION**

15:00-16:00: **PLENARY SESSION:** *Coordinator: Paula Heller*
New therapeutic options in hemorrhagic disorders
Peter Lenting

16:00-16:30: **BREAK**

ISTH EDUCATIONAL COURSE

FRIDAY 23

16:30-18:00	SESSION I: The patient with ischemic stroke	
	Coordinators: Verónica Cortes Guerrieri - Paulo Colimodio	
16:30-16:50	Pathophysiology of ischemic stroke	Mirta Schattner
16:50-17:10	Anticoagulant/antiplatelet therapy in APS-associated stroke	Hannah Cohen
17:10-17:30	Management of the pediatric patient with ischemic stroke	Alejandra Costa
17:30-18:00	Q&A	

18:00-18:30: BREAK

18:30-20:00	SESSION II: The patient with bleeding symptoms	
	Coordinators: Alejandra Baques – Mirta Arias	
18:30-18:50	Bleeding of unknown cause - platelet function disorders	Fabiana Alberto
18:50-19:10	Abnormal uterine bleeding	Mónica González Alcántara
19:10-19:30	Pospartum hemorrhage	Claudia Casali
19:30-20:00	Q&A	

SATURDAY 24

08:30-10:30	SESSION IIIa: Antiphospholipid syndrome	
	Coordinators: Alicia Blanco - Diana Penchasky	
08:30-09:00	Laboratory diagnosis	Eliana Annetta
09:00-09:30	Risk stratification and antithrombotic management in APS	Carina Gumpel
09:30-10:00	Q&A	
10:00-10:30	Clinical case presentation	Verónica Privitera

10:30-11:00: BREAK

11:00-12:30	SESSION IIIb: Antiphospholipid syndrome – cont.	
	Coordinators: Alicia Blanco - Diana Penchasky	
11:00-11:30	Anticoagulant-refractory thrombotic APS	Hannah Cohen
11:30-12:00	Management of the pediatric patient with antiphospholipid syndrome	Gabriela Sciucatti
12:00-12:30	Q&A	

12:30-14:00: LUNCH BREAK

14:00-16:00	SESSION IV: von Willebrand Disease	
	Coordinators: Adriana Woods - Lucila Romero	
14:00-14:20	Pathophysiology	Peter Lenting
14:20-14:40	Diagnosis: What has changed since the 2021 guidelines?	Juan Pablo Frontroth
14:40-15:00	Therapy	Analía Sánchez Luceros
15:00-15:30	Q&A	
15:30-16:00	Clinical case presentation	Htal. Garrahan

16:00-16:30: BREAK

16:30-18:00	SESSION V: Thrombosis in the cancer patient	
	Coordinators: María Álvarez Bollea - Fernando Chuliber	
16:30-16:50	Incidental VTE	Susana Viñuales
16:50-17:10	Catheter-associated thrombosis	Alex Spyropoulos
17:10-17:30	Management of thrombosis in the pediatric cancer patient	Luis Aversa
17:30-18:00	Q&A	

18:00: CLOSING AND AWARDS CEREMONY
